OHIO ART LEAGUE

Ohio Art League is a non-profit, member-based organization for artists. Founded in 1909, OAL is the longest continually operating non-profit art league in the state. The organization works strategically to help Ohio cultivate and retain top visual art talent while positioning the state as a hub for the arts.

Through OAL, member artists receive support across all stages of their careers. OAL helps make connections with patrons of the arts and the broader Ohio arts community, provides opportunities for exhibition and studio space and offers exhibition awards, workshops, professional development and members-only events.

As an organization of artists for artists, OAL exists to serve the needs of its members. Member feedback has spurred major transformations within OAL, including the development of X Space, the variety of exhibition opportunities we offer and increasing the level of artist awards. OAL provides an inclusive forum to cultivate appreciation and presence for artists working across all mediums locally, statewide, nationally and internationally with a renewed dedication to exhibitions and programming.
